The financial statement of Beaufort shows the county debt to be \$9,000, of which \$6,000 was left as a Radical legacy.

The Beaufort county canvass has opened in earnest. Solicitor James P. Wheedbee opened his canvass of the district with the Beaufort candidates.

The Republicans of the Second Senatorial District have nominated Samuel T. Carrow, of Beaufort, and Benjamin F. Sikes, of Tyrrell. Against Respass and Waldo they stand not the ghost of a chance.

At Edenton, August eighth, the Democrats of the first district will settle the fate of aspirants. The race is between Hon. Jesse J. Yates, of Hertford, Major Louis C. Latham, of Pitt, and Octavius Coke, of Chowan.

The Washington Post says as there was nothing against Collector Arthur, Hayes turned him out. One must be a ballot box stuffer like McLin, a forger like Tom Anderson, or a murderer like Madison Wells, if he expects Hayes to stand by him.

The effort to organize a National Workingman's Party at New Bern on Wednesday night did not succeed. It was too much tainted with Radicalism to be productive of any good. It is difficult to see what better party the workingmen or any other class of honest people want than the Democratic party.

It is officially announced through the central organ that the Republican party in North Carolina has disbanded. The forces are scattered and told to take care of themselves. Political tramps and guerrillas, their avocation is now to prey upon the Democracy. They come in every guise, to deceive, divide, disorganize and destroy the Democratic party. Let the people beware of them, whether as Independents, Nationals, or straight-out Republicans. They are Radicals, no matter what political garb they wear, and are more dangerous now than before their party organization broke up.

SOME of the white champions of the negro Collins say he is of a modest and retiring disposition. Some of the negro-sick white Republicans say why the devil then don't he modestly retire and give them a rest. And as to O'Hara, though he is neither modest nor retiring, they are hopeful of the effect of the Halifax indictments, seven in number. Halifax bills of indictment are dangerous things. The mere drawing of them was sufficient, once upon a time, to cause a Solicitor

to step down and out. What may they not do when drawn on a nominee for Congress?

AGRICULTURAL CAMPAIGN IN THE WEST.

On Saturday, August the tenth, there opens one of the most important campaigns yet undertaken in Western North Carolina. On that day Commissioner Polk, of the St. to Department of Agriculture, begins a canvass for the benefit of the farmers and farming interests, through the counties of Cherokee, Clay, Macon, Swain, Jackson, Haywood, Buncombe and Henderson, speaking at Valley Town, Saturday, August tenth; Murphy, Monday, twelfth; Hayesville, Wednesday, fourteenth; Aquone, Thursday, sixteenth; Franklin, Saturday, seventeenth; Charleston, Monday, nineteenth; Webster, Wednesday, twenty-first; Waynesville, Friday, twenty-third; Asheville, Saturday, twenty-fifth; and Hendersonville, Monday, August twenty-sixth.

Thus our Commissioner of Agriculture will give more than two weeks to the farmers and industrial interests generally of these eight counties of the West. The people are all urged to turn out and meet the Commissioner. They will learn many things from him, and he will learn much from them and of that magnificent domain designated Western North Carolina. He goes to study the products, the capacities, the agricultural, manufacturing and mineral resources of the mountain counties, and to instruct and stimulate the industrial classes. He will tell the people all he knows of the great resources of the State, and he wants to learn, by mingling with them, all they know about their own section. He wishes to see and hear everything that can be seen and heard, and he desires to collect on his trip specimens of every known mineral of the mountains. These farmers and others are urged to bring out to him, together with specimens of farm products and manufactures. Commissioner Polk will talk to the people about internal improvements, of the necessities for lines of quick communication and rapid transportation. He will speak to them of the causes which compel their magnificent fruits to go to decay in their orchards while the markets of the world are hungering and thirsting for their products. He will show how and why it is that apples from Western North Carolina cannot be eaten in Raleigh, while our market is flooded with the products of New England orchards. He will show that the system of North Carolina Railroad management places the Blue Ridge further from the capital of the State than the Rocky Mountains, that Asheville is further away from Raleigh than San Francisco, and the Cherokee country than the Pacific slope. He will show that our State legislation is responsible for these things; that railroad discrimination against the local interests of the people of North Carolina, which amounts to prohibition on business, exists, through the fault of the Legislature, and he will be glad to talk to members elect about these things.

If we are not to have a North Carolina system of railroads looking to the growth and development of the State; if the people and the business of our section of the State are not to be allowed intercourse with the others; if no industry is to be permitted to thrive on account of the management of these lines of public transportation which fastens its hands on the throat of the State and holds it there, that other States may feed upon her carcass, then may the farmers content themselves with patches of corn sufficient for a meagre existence, the Department of Agriculture be abolished, and the Commissioner sent home.

These are matters for the people which they may consider after the August elections are over, and they demand consideration, for they are the coming issues, and will be presented to the next Legislature. It will be well for the Commissioner of Agriculture to talk about these things as he goes along, for they lie immediately in the road to North Carolina development which he is seeking to point out to the people.

The Democratic Address.

The address of the State Executive Committee of the Democratic party deserves more than a passing notice. It is the authoritative expression of the party and as such addresses itself to every Democrat of North Carolina.

The disorganization of the party, sought to be accomplished through the efforts of Independent candidates and Democrats acting in open defiance of the party, is deeply deplored and such action denounced. It is well said in this address:—"The people of North Carolina and of the South cannot regard with satisfaction that man who would seek to impair the efficiency of the Democratic party. It has within the past few years, even under the most adverse circumstances accomplished too much good to be lightly 'cast aside by our people."

The redemption of the State is referred to as the work of the Democratic party; it has restored constitutional law and re-established civil liberty; it has forced legislation in the interest of the people; brought peace and harmony between the sections, routed the Republican party entrenched behind a military dictatorship and partizan courts, rent asunder the bonds of despotism which were sought to be riveted on the Southern States, and having taken the strong holds of Radicalism, the Democratic party has driven out the thieves and rescued the State governments from the hands of robbers and plunderers. With a record of such glorious achievements well may the Democratic Committee ask:—"With such a record, what Southern Democrat will strike a blow at the Democratic party on

"the eve of its complete triumph? If any there be, we appeal to the people to give them no aid and comfort at the polls."

And as the solemn warning of faithful sentinels on the outpost, this committee thus apprises the camp of Democracy of approaching danger:—"Be sure that he who is not with us is against us; and he who arranges himself in the garb of an Independent, strikes his covert blow at our party, 'as a more dangerous foe than the open, pronounced Republican, who fights fairly because he does not pretend to be with us, nor of us. Stand by our nominees; hold up their hands; register and vote."

BEAUTY:

OR THE

Secret of a Fair Face

AN ITEM OF INTEREST TO EVERY LADY WHO DESIRES TO BE MORE BEAUTIFUL THAN SHE NOW IS

Unfortunately not one woman in a hundred, subjected to the claims of an American climate possesses that basis and starting point of real beauty—pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unbleached daughter of Eve who le discovered that surprising article known in fashionable circles as the true secret of beauty, and called

"MAGNOLIA BALSAM"

The MAGNOLIA BALSAM is a sure device for creating a pure and glowing complexion. It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rosy, and plump.

It makes a matron of 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The MAGNOLIA BALSAM removes all blemishes and conceals every drawback to beauty; and while it is as harmless as water, it is so life-like in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALSAM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Very respectfully,
The market is more active for.

SUNDAY SCHOOLS.

Mass Meeting—Speeches, &c.
Twelve Sabbath Schools, representing four counties, Wake, Chatham, Harnett and Johnston, met yesterday in the beautiful and spacious grove at Holly Springs, this county, 16 miles from the city. The attendance was very large, not less than fifteen hundred persons being present. The exercises of the day were opened by the singing of a beautiful song by a choir of about fifty voices.
An address of welcome to visitors, was made by Mr. Bright Holland, Superintendent of Holly Springs Sunday School.
After its conclusion a beautiful signal bell was presented to that Sabbath School; by Mr. Ira Beckwith, of this city, and a few appropriate remarks made by W. H. Pace, Esq., the response was made by the Superintendent in a pleasing style.
An address on the subject of Sunday

School work was then delivered by Mr. T. H. Briggs, Jr.
A speech then made by a gentleman of the neighborhood, who took the same theme for his discourse. His effort was characterized by ability and several happy suggestions and ideas were given.
W. H. Pace, Esq., next spoke, on plans of teaching in the schools. An adjournment was then had for dinner. A two hour's recess was spent in the discussion of the choices, viands, with which the long tables which stretched their lengths down the woodland arches were heaped. The repast provided was bounteous and in quality unsurpassable. Uninterrupted social enjoyments and happy acquaintanceship formed made the time fly all too swiftly.
The intermission ended, the throng reassembled. The after-dinner exercises opened by an address, brief but pertinent, by Mr. F. F. Hodge. Some excellent music was then capably rendered. Mr. John Armstrong, in a few pithy remarks, followed. He spoke of the lessons in the last two numbers of the "International" series. (Capt. J. W. White, of Clayton, Johnson county, made a vigorous and earnest speech. The exercises were closed by the delivery of an address by Rev. T. H. Pritchard, on the subject of Sabbath Schools and general education. His remarks were forceful, and apropos, and were listened to with great attention. A hymn was then sung, after which the benediction was pronounced by Rev. James Marcom.

Thus closed one of the largest, most enjoyable and profitable mass meetings ever held in this State, whose good effects cannot but prove advantageous in all respects to the participants.

OUR RAILROADS.

Stockholders in Council—The Raleigh and Gaston and Raleigh and Augusta Meetings.
The stockholders of the Raleigh and Gaston and Raleigh and Augusta Railways held their annual meetings yesterday, in the elegant and commodious offices of the companies, on Halifax and North streets. The stockholders of the R. & G. Railroad met at 10 a. m. Eleven thousand and twenty-seven shares were represented in person or by proxy. The meeting organized by the election of Col. D. M. Carter, Chairman, and Maj. W. W. Vass and J. B. Martin, Esq., Secretaries. The President, Col. J. M. Robinson, then read his annual report, also those of the Superintendent and Treasurer.

The report of the President showed the total receipts for the past fiscal year to have been \$242,478.41; total expenses, \$195,292.91; leaving a net revenue for the year of \$107,185.50. The increase in receipts over the year of last year was \$7,967.68; the decrease in expenses, \$13,468.10, making a net gain of \$21,435.72.
The condition of the road was reported as excellent, while the material and rolling stock was in good order. From a financial point of view the exhibit of the business for the past year is gratifying, considering that it has been a period of great depression. He stated that during the present year two new engines must be purchased, while additions to the car equipment must be made. The purchase of 500 tons steel rail is also necessary.

The report of the Superintendent, Maj. John C. Winder, states that during the year there were laid 235 tons of new rail, all with the fish-bone joint. He recommends the purchase of 500 tons of steel rail, and that in future this rail be used exclusively. The road-bed is good, but the necessity for ballast is great. The bridges are in perfect order. The station warehouses have all been newly painted. The locomotives are entirely serviceable. Several have been entirely overhauled, while a number of cars of all classes have been constructed here. There have been no accidents save the injury to a ride-stealing tramp, who lost a leg. The completion of the R. & A. Air Line railway to Hamlet has proved advantageous to the company. The facilities and economy of the officers and employees are commended.

The statement of the Secretary and Treasurer was full in all particulars and the various balance sheets etc.
All these reports were unanimously adopted. The report of the committee of Finance and Inspection was next read. This committee consists of Messrs. R. S. Tucker, A. M. McPheters, Maj. T. B. Venable, and Maj. W. W. Vass. They have made a careful examination of the road. The purchase of steel rails in future is suggested, on account of present cheapness and superior durability. Great attention is paid to the bridges. The reports are in good condition. The state of the shops here is first rate, and much credit is due their Superintendent, for his management. The earnings of the road have been larger than for any year since 1871. This report was adopted.

The following resolution was offered by Mr. A. M. McPheters:
Resolved, That paragraph I of the By-Laws be amended, so as to read as follows: All general meetings of the stockholders shall be held on the first Wednesday in October, in each and every year, unless otherwise specially ordered, and the next general meeting of the stockholders shall be held on the first Wednesday in October 1879. This resolution was adopted.

The annual election of Directors of the company was then held, when the following gentlemen, composing the Board, were unanimously re-elected: Hon. Paul C. Cameron, Dr. W. J. Hawkins, Maj. W. W. Chamberlain, Hon. Jos. B. Batchelor, Col. Walter Clark, and Lewin W. Barringer, Esq.

Col. Jno. M. Robinson was unanimously re-elected President. The members of the old Finance and Inspection Committee were unanimously re-elected. The meeting then adjourned.

Immediately thereafter a meeting of the new Board of Directors was held. Maj. John C. Winder was re-elected Superintendent, and Maj. W. W. Vass, Secretary and Treasurer. This is a continued and deserved recognition of the invaluable services of these efficient officers.

Raleigh and Augusta R. R.
The stockholders of the Raleigh & A. Line Railway met at 12 m. The number of shares represented in person or by proxy, was 16,400. Maj. J. W. Scott was called to the chair, and Maj. W. W. Vass and J. B. Martin, Esq., appointed Secretaries.

The President of the road, Col. Jno. M. Robinson, then read his annual report, together with those of the Superintendent, Maj. Jno. C. Winder, and the Secretary and Treasurer, Maj. W. W. Vass. These reports were all adopted. The statements made are gratifying, financially, as well as to improvements in the road, and indicate a progress in all respects which is truly gratifying. The connection with the Carolina Central Railway at Hamlet has been completed, and arrangements made for transportation of passengers and freights, and it promises to become an important thorough line.

The election of the Directors, to serve for the ensuing year, was then held. The members of the Board were re-elected, and are: Col. John M. Robinson, Hon. Paul C. Cameron, Dr. W. J. Hawkins, Maj. W. W. Chamberlain, Hon. Jos. B. Batchelor, Col. Walter Clark, and Lewin W. Barringer, Esq.

Chamberlain, Hon. Jos. B. Batchelor, Col. Walter Clark, and Lewin W. Barringer, Esq.
On motion the time of meeting was changed to the first Wednesday in October in each year. The business before the meeting being disposed of, the meeting adjourned.

The Board of Directors then met, and proceeded to the election of officers. Col. John M. Robinson was unanimously re-elected President, Maj. John C. Winder, General Superintendent, and Maj. W. W. Vass, Secretary and Treasurer.

As all who are suffering from rheumatism and a sore throat, I will send a receipt that will cure you, free of charge. This receipt was discovered by a missionary in South America. Send a self-addressed envelope to the Editor of the Raleigh News, Raleigh, N. C., and I will send you the receipt.

Restful Night, Days free from Torture.
A wait the rheumatic sufferer who resorts to Hostetter's Stomach Bitters. That is a far more reliable remedy than colicium and benjamin root to expel the rheumatic virus from the blood, is a fact that experience has satisfactorily demonstrated.

Also, the advantage of being untroubled, perfectly safe. With many persons a certain predisposition to rheumatism exists, which renders them liable to its attacks after exposure in wet weather, to currents of air, changes of temperature, or to colds. A body is not hot. Such persons should take a wine glass or two of the Bitters as soon as possible. The Bitters are not a medicine, but a tonic, such as colic, spasms in the stomach, palpitation of the heart, nervousness, and the like, are not only useful remedies, but it is only necessary in obstinate cases to use it for a few days.

The art of fermenting the Oporto Grape into wine in this country has been brought to a greater degree of perfection by Mr. Alfred Speed, of Tassac, New Jersey, than by any other person; and his wines are very popular.
